ATTENTION EXHIBITORS!

30th Annual Highway Congress

Sponsored by the Maine Chapter - APWA

Thursday, June 1, 2023 | Skowhegan Fairgrounds

The 30th Annual Highway Congress, New England's premiere equipment and trade show, is fast approaching. We invite you to consider supporting our annual event with your participation again this year. The Highway Congress continues to be a very popular event for municipal officials and it is a great chance to share your product information.

The 2022 Highway Congress had 90 exhibitors and 1,100 visitors, representing almost 120 communities and agencies. This year, we expect even more exhibitors and visitors, so don't delay your registration.

We have worked to improve the show each year. Our exhibitor "meals on wheels" program has been a success! This year, we will continue to focus on improving exhibitor exposure and coordinating our highlighted events to maximize foot traffic to the exhibitor tables. Improvements continue to be made to the fairgrounds and Skowhegan offers one of the nicest midways around. Check out our website at <http://maine.apwa.net/> - we have pictures from previous events.

To register, please complete and return the attached registration form with your check ASAP. Registrants must also complete, sign and return the attached Activity Release Form and include a copy of their Certificate of Liability Insurance. Submission of these documents is mandatory and must be submitted prior to the Congress. The more time we have to plan, the better the show. Please be specific about site location and needs.

Our attendees have spoken and we listened! Part of our show's success has been hands-on demonstrations and equipment try-out areas. Maine Chapter APWA is strongly encouraging all vendors to include demos and dynamic displays for the 2023 Highway Congress. If you would be interested in doing a demonstration or have equipment you would like folks to test-drive, please check off the box on the registration form, then give me a call so we can discuss it. There will be a \$50 registration discount to those vendors providing a demonstration or contest.

We also encourage you to support our scholarship efforts. Our sincere thanks to past exhibitors who have donated. A portion of the proceeds from this show goes to an endowment at the University of Maine that generates an annual scholarship award of \$1,000 per year to a Civil Engineering student. Six years ago, we expanded this program to offer a similar scholarship to the Maine Technical College System and grant an annual scholarship award of \$500. Our goal is to increase that scholarship to \$1,000.

We will contact you with further information once you register. Set-up day will be Wednesday, May 31. Please come prepared or make arrangements for the loading/unloading of your equipment at the show. We are not responsible for your display set up.

We look forward to seeing you at the 2023 Highway Congress! If you have questions, please call me at 207-330-9933.

Scott Holland, Event Chair | sholland@auburnmaine.gov
